THE DIRECTOR OF CENTRAL INTELLIGENCE

WASHINGTON, D. C. 20505

National Intelligence Officers

DDI #145-82

8 January 1982

MEMORANDUM FOR: National Intelligence Officer
for Warning

SUBJECT : Meeting of Washington Area Operations
Centers' Conference

1. The Washington Area Operations Centers' Conference met at STC on 19 and 20 November 1981. A list of attendees is attached.

2. Agenda items included:

25X1 a. A briefing on teleconferencing technology by [] CIA/ORD. After a discussion of capabilities and the applicability of teleconferencing to the operations centers, it was agreed that a prototype, low bandwidth system developed by DARPA would be tested in the CIA and State Operations Centers, NSOC and NMCC. CIA/ORD would arrange for the installation of the system.

25X1 b. A discussion of common procedures for the WASHFAX. While most members have internal SOP's, all agreed that a Community directive governing the use of the WASHFAX would prove to be a useful tool for all center managers. [] CIA agreed to draft the procedures.

c. A briefing by [] on the review of the national intelligence warning system being conducted by the NIO for Warning for the DDCI. 25X1

25X1 d. A briefing on the National Intelligence Emergency Planning Staff by [] Director, NIEPS.

e. A presentation by each member on new or planned enhancements to their center.

f. A discussion of watch office exchanges. One proposal called extended orientation tours, e.g. night shift, for personnel at another center; the second

proposal was provide a watch office to the other centers during a crisis. Both proposals were left to individual center managers to arrange exchanges as manning permitted. Related to these discussions is the ongoing effort by CIA to increase its representation in the NMCC/NMIC. This was done subsequent to the conference.

25X1

3. The next conference is tentatively scheduled for 17-18 May
